

# TEN COMMANDMENTS 9 & 10

## DO NOT COVEY

### RELATE

You've just won \$10,000! What do you do? Have you ever confused something you want with something you need?

### READ AND REFLECT

Read Luke 12:13-21, then answer the following questions.

- What does Jesus caution the man against?
- Do you think this is a bigger problem today than in Jesus' time?
- What was the rich man's problem in verse 17?
- What was his solution? How do you think he was feeling about himself at this point?
- Is having money or saving for a rainy day a bad thing? How do you guard against greed as you gain more money?
- What specifically is the problem, according to Jesus?

### RESPOND

Choose one of the following resolutions to keep until the next class:

- Give away something you really wanted but don't really need. Try selling it and giving the money to a ministry that helps others.
- Make a list of the ways that God has provided for your needs.
- Try living for a week without something you don't really need like your phone, TV, iPod, etc.
